

Mr Imraan Parker De Beers Marine

Imraan Parker is a Senior Mechanical Engineer in the Research & Development Department at De Beers Marine and holds a MSc in Mechanical Engineering from the University of Cape Town.

He has worked as a computational simulation specialist in the Industrial Diamond, Automotive and Marine Mining sectors over the past 21 years.

His current field of interest is in the development of multi-phase marine mining/treatment plant equipment using Computational Fluid Dynamics, Discrete Element Method Simulations and Scale Testing.
