Azure | Big Compute | High Performance Computing | Machine Learning | Open Source Advocate

Mike Kiernan is the Microsoft EMEA Azure Team Lead for Big Compute and High Performance Computing (HPC). Mike and his team work with Microsoft EMEA clients, partners and account teams across a wide range of verticals including Research & Education, Financial Services (Capital Markets & Insurance), Automotive & Manufacturing, Electronic Design Automation, Earth Sciences, Bioinformatics & Genomics, and Media & Design (Rendering & Remote Visualization Solutions).

Mike is a veteran of multiple high-tech vendors such as Sun Microsystems & NetApp and has a background in geophysical software development in the Oil & Gas industry. He has more than 23 years of experience in Enterprise Computing & HPC. Mike holds a BSc in Geophysics from Liverpool University, and is currently studying an MSc in Big Data & ML.
