

**Ms Mahlatse Sophia Mbooi**  
**Council for Scientific and Industrial Research**

I am a Senior Data Scientist at the Council for Scientific and Industrial Research (CSIR), I apply over five years of expertise in data analysis, NLP, and image recognition to solve complex problems and contribute to the advancement of these fields. My academic background with an MSc in Electrical Engineering and Computer Science from North-West University has been fundamental in shaping my approach to data-driven innovation and research.

Beyond my technical endeavors, I am passionate about education, having taught AI at TUT and supervised aspiring data scientists at the University of Pretoria, mentored and supervised students in the DSIDE and DIRISA program. My role as an educator and mentor is driven by the conviction that sharing knowledge is pivotal to collective growth in the ever-evolving landscape of data science.
