

Dr Utz-Uwe Haus
Hewlett Packard Enterprise

Utz-Uwe Haus, is Distinguished Technologist, Head of the HPE HPC/AI EMEA Research Lab (ERL), studied mathematics and computer science at the Technical University of Berlin (TU Berlin) and holds a doctorate in mathematics from the University of Magdeburg (Germany). He worked on nonstandard applications of mathematical optimization in chemical engineering, material science, and systems biology.

After five years as senior researcher at the Department of Mathematics of ETH Zürich, he co-founded CERL, the CRAY EMEA Research Lab in 2015, which he transformed into the EMEA part of Hewlett Packard Labs. His current interests focus on enabling middleware for sustainable and secure usage of HPC systems and digital twins.
